Gates Chili Career Shadowing

- Have you been thinking about what you would like to do after high school?
- Are you thinking about what type of job you would like to have?
- Wouldn't it be nice to find out what a job is really like before you commit yourself to further education and training?

Program Outcomes

- Increased understanding of the need for serious career planning
- Development of long-term goals
- Knowledge of the skills needed to be a productive member of the workforce in the future
- Application of subject matter being studied in school to specific career fields
- Awareness of educational requirements necessary for the students chosen field

Career Shadowing

Who?

- Any Gates Chili student in grades 9-12.

What?

- Career Shadowing allows you to “shadow” workplace mentors as they go through a normal day on the job. Learn first hand what it takes to make it in your field of interest from the people who know best—working professionals.
- See how the skills you are learning in school relate to the workplace.

Where?

- Our local community and the surrounding Rochester area.

Why?

- To allow you to gain an understanding of a specific career.

When?

- Shadowing can be done anytime during the school year. Whenever possible, placements are scheduled on days off from school so that students don't miss classes. Many students shadow on Groundhog Job Shadow Day on February 2nd.
