

CHOICE BOARDS FOR AT-HOME LEARNING MARCH

AT-HOME CHALLENGE

While you're at home YOU get to be in charge of what you learn! (How cool is that?!) Pick up to eight activities to complete. You can send me pictures to show me what you're learning. Have fun!

Have a word race! You and a friend or family member pick a letter, and see who can list the most words that begin with that letter in two minutes!	Use cards at home to play War!	Find at least ten objects at home that are cylinders. Record your findings.	Watch this adjective video . Try to list an adjective for each letter of the alphabet.
Read the story How to Catch a Leprechaun . Design your own leprechaun trap!	Play Typing Jets two different days.	Learn about measuring by helping to bake at home.	Create a play about your favorite story.
Read a book, and rewrite the ending of the story.	Keep track of the weather for one week.	Write a letter to your parents to convince them to take you on a special trip this summer. (Remember to give reasons why they should take you!)	March is Women's History Month. Research a woman you think makes our world a better place.
Compare a map and a globe. How are they different? How are they the same?	Place a dry bean on a damp paper towel and put it in a clear bag. Tape the bag to a window, and record the changes in the bean for at least a week.	Play Tugboat Addition two different days. BONUS: Call a friend to challenge them one day!	Draw a Leprechaun using this video . Write a story about your leprechaun.

AT-HOME CHALLENGE

While you're at home YOU get to be in charge of what you learn! (How cool is that?!) Pick up to eight activities to complete. You can send me pictures to show me what you're learning. Have fun!

<p>Read a book and practice retelling the story using details! Send a video of yourself reading the story to your teacher.</p>	<p>Play Island Chase two different days! (A subtraction game)</p>	<p>Are you a Word Wizard? Use the letters below to create at least twenty words!</p> <p>a, c, d, e, g, l, o, n, r, s, t</p>	<p>Hide a simple treasure, and create a map to lead someone to the treasure. Could that person find the treasure? How can you make your map better?</p>
<p>Create a chart comparing a tree and a flower. Create a colorful diagram of each plant to go with your chart.</p>	<p>Watch the video about soil. Go outside and collect a sample of soil to observe. What kind of soil is it? What did you find in the soil?</p>	<p>Help with cooking a meal at home!</p>	<p>Spring is coming! Watch this video and write a paragraph describing what you love about spring. Be sure to add an illustration!</p>
<p>Create a world map. Include a key that shows water and land</p>	<p>Be a movie critic! Compare a movie to the book it's based on. How are they different on the same? Which do you think is better?</p>	<p>Create a cherry blossom branch, and write a paragraph about cherry blossom trees.</p>	<p>Play Jet Ski Addition two different days! (An addition game)</p>
<p>Create a PowerPoint or Google Slides presentation that shows the life cycle of your favorite fruit or vegetable.</p>	<p>Write two word problems. Each problem must use three of the numbers below. 5, 10, 2, 8, 4, 1, 3, 9</p>	<p>Create a memory game using sight words.</p>	<p>Create a "How-To" book that teaches others how to make a paper airplane</p>
