

**Dear High School parent/guardian:**

Giving us just a few hours per year is a great help. I utilize email groups to notify parents of volunteer opportunities.

*If you previously have been approved as a Gates Chili School District volunteer, your information will be added to the High School volunteer database.*

***If you have not previously been approved as a Gates Chili School District volunteer, you will need to have your identification scanned through our Visitor Management System, and have your name submitted to be approved by the Board of Education. The Board of Education meets bi-weekly and there may be several weeks' time lag in the approval process. Once your name is approved, your information will be added to the High School volunteer database.***

Thank you for your consideration, *Paula LaManna, Coordinator of Volunteers*
