

Laptop User Agreement and Protection Plan

The Gates Chili Central School District is providing a protection plan for students and their families as part of our technology integration. Enrollment in the plan is optional. If students and their families do not enroll in the protection plan, they may carry full liability in the same way they do for other damaged or lost school property.

1. **Distribution:** The Gates Chili Central School District will distribute a laptop to each student in grades 6-12 at the beginning of the school year.
2. **Ownership:** All laptops provided by the district are the property of the Gates Chili Central School District. Students in grades 6-12 who have purchased the Protection Plan available through the district will be permitted to take their laptop home with them daily.
3. **Term of Agreement:** Laptops will be distributed to students before school begins in September, and will be collected from students at the end of school in June. Students who are suspended or leave the district must return their school laptop and any school accessories on or before the date that they leave.
4. **Use of Laptop:** Educational content and resources will be delivered through the laptop and students will often be called upon to collaborate, communicate, and create. For this to occur, students are expected to bring their laptop to school in working order and fully charged each day. Students, with support from families, are expected to manage and operate their laptop in a way that minimizes the likelihood of damage, loss, theft and Internet safety. Monitoring student use is a partnership between families and the district. Each laptop is monitored with software (reports data with no remote access) that provides the district with real-time alerts and automated reporting for inappropriate use of the district's computer system. Usage of the laptop must be consistent with district policies and the Code of Conduct and Character. It is the responsibility of the student to back up any personal content from the laptop before the date the laptop will be collected.
5. **Cost of Use:** The district will purchase the laptop, a protective case (if applicable) and all required applications associated with it. Families have the option of purchasing the laptop Protection Plan to offset unanticipated costs due to damage or theft of the laptop (*see section 6*).
6. **Protection of Laptop:** Families are strongly encouraged to purchase the laptop Protection Plan from the district to cover repair and/or replacement costs in the event a laptop is damaged, destroyed, or stolen. The laptop Protection Plan will insure the laptop for the duration of the Term of this Agreement (one school year).

The cost of the laptop Protection Plan is a \$30 nonrefundable fee per year. The Plan will cover costs for repair and/or replacement of a laptop due to accidental damage or theft after the payment of the appropriate deductible.

If the laptop is accidentally damaged, the student or family must pay a deductible of \$40 and the district will pay any further repair or replacement cost. If the laptop is stolen or lost, the student or parent must pay a \$75 deductible and the district will pay the remainder of the replacement cost. Police reports must be filed by the student or family for stolen laptops.

The laptop Protection Plan does not cover damage or loss due to dishonest, fraudulent, intentional, negligent, or criminal acts. This laptop Protection Plan will be null and void if we determine that a laptop has been removed from its protective case by someone other than the IT department. The Plan will cover up to 3 claims, after which the laptop must stay at school.

If students/families do not enroll in the laptop Protection Plan, the laptop will remain in school and they are fully responsible for any repair and/or replacement costs in the same way they would be responsible for any other damaged or lost school property. Estimated cost to repair or replace damaged items WITHOUT the Protection Plan: Laptop \$600, Screen \$250, Charger or Case \$40.
